

# JUNE DEVELOPMENT GUIDE

## SUBJECT: ADDING VALUE

### **Why is adding value so important?**

- If you want to be an effective Leader and follower of Christ, you must add value.
- Leadership is influence, and the number one way we grow as a leader and have influence is by adding value.

### **What are the main ways to add value?**

- Leave it better than you found it.
- See and solve problems
- Make yourself better
- Accelerate someone else's goals

### **How do I add value?**

- Plant "seeds" that build a forest of value in other's lives. Leave people and places better than you found them.
- As Christ's ambassadors we should leave a trail of Value and Love wherever we go.
- Grow fruit on other people's trees.
- The value you bring is a reflection of the problems you solve. Be a problem solver.
- Bring 3 solutions to a significant problem. Pick the best "7" or option of the 3. It doesn't have to be perfect.
- Take massive action in solving problems. The cost of inaction is greater than not doing anything or making a mistake.
- Great Leaders are learners. Your capacity to learn determines your capacity to lead and add value.
- G.R.O.W. – Gain knowledge, Reach out to others, Open your world, Walk toward wisdom
- You will have everything you want in life, if you help enough other people get what they want. Accelerate someone else's goals to add value.
- Be a linchpin and connect the right people together to add value and create acceleration in their life.
